KINGSTON HEATH

Designed in 1925 by Dan Soutar with guidance from Ailster MacKenzie, Kingston Heath reigns as one of the crown jewels along the Melbourne Sandbelt. Ranked 12th in the world, Kingston Heath has hosted the Australian Open six times and is a classic design that has stood the test of time. Golfers will call on every aspect of their game during a round as the course is strategic golf at its  opportunities, exceptionally penal bunkers and the need for pinpoint accuracy.

ROYAL MELBOURNE (WEST)

The West Course at Royal Melbourne ranks 5th in the world and is often considered one of Alister MacKenzie's best designs. This sixteen-time host of the Australian Open and site of the 2019 President's Cup, is regarded as THE course in Australia and along the famed Melbourne Sandbelt. The MacKenzie design fits seamlessly into the contours of the natural land and is highlighted with bold bunkering, natural framing from wild, native grasses and large, contoured greens that run as fine (and fast) as anywhere.
